

Dear JCDS Parents and Students,

As we work to create a streamlined electronic version of our Summer Learning program for JCDS, you will notice these consistencies.

1. At the top of each page, you will see:

Summer Learning 2020

Students Entering Grade _____

Please make sure that you are referencing the correct grade level that your child will be entering this coming August.

Since everything is located in one place, we don't want anyone to get confused!

2. The Subject Areas included in this .pdf document are:

- Reading Requirements and Suggestions
- Reading Log
- Writing
- **Mathematics** **any hard copies will be picked up during End Of Year Supply Pick-Up or pulled from the workbook that is already at your home.*

3. Requirements:

Since it was not possible to create hardcopy packets for everything this year, we will remain flexible in HOW the children show that they have learned. If they would like to use folders with pockets or marble composition notebooks or binders or simply papers stapled together, they are welcome to do so. We support your family's decisions in this arena!

4. Video Tutorials:

We have attached a short video tutorial for each grade level to simply walk your child through the requirements of their grade level. This feature may help children to gain independence as they have heard Mrs. Currie explain something and they won't have to try to read a complex document.

5. Summer Learning and Remote Learning Celebration:

This upcoming school year on the first Friday of school we will have a celebration in honor of all of the hard work from both Summer and Remote Learning. We cannot wait to see each and every child on campus. We love them and miss them!

Have an amazing summer and please let us know if there is anything that we can clarify or assist with during June and July!

Love,

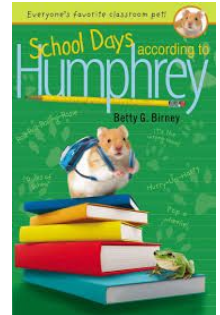

Your JCDS Teachers

Summer Learning 2020 Students Entering Grade 3

Required Reading: School Days According to Humphrey
by Betty G. Birney

Suggested Reading:

Below is a list of reading selections that JCDS recommends. Students may choose selections from this list or make their own selections based upon their reading interests. We hope students will read from various types of literature this summer. We want summer reading to be fun and engaging, so we encourage students to read what they love!

Suggested Authors & Series:

Betty G. Birney (According to Humphrey)
James Howe (Tales from the House of Bunnica)
Geronimo Stilton (Geronimo, Thea, Creepella)
David Adler (Cam Jansen)
Ron Roy (A to Z Mysteries & Calendar Mysteries)
Jim Benton (Franny K. Stein)
Henry Winkler (Hank Zipzer)
Matt Christopher (sports fiction)
Katherine Applegate (Roscoe Riley Rules)
James Preller (Jigsaw Jones)
Ursula Vernon (Hamster Princess & Dragonbreath)
Carole Marsh (mysteries)
Ann Barrows (Ivy and Bean)
American Girls series
Troy Cummings (The Notebook of Doom)
Jack Chabert (Eerie Elementary)
David Lubar (Looniverse)

Other Ideas: Magazines, nonfiction, graphic novels, travel brochures and informational signs, museum maps, and didactic panels.

Happy Reading!

Summer Learning 2020 Students Entering Grade 3

Writing

This summer, students will create any type of journal that they would like. See the video tutorial for ideas! Whether it is a classical marble notebook, a folder with their entries in the pockets, or even a collection of their writings simply stapled together. Students will complete at least **3 journal entries**. Each entry will be at least 10 sentences.

Journal Suggestions:

- Please write about a book that you enjoyed reading and tell why you would recommend it to others.
- Please write about your summer vacation or another exciting time in your life.
- Please write about some adventures you have had with your pet.
- Please write about some of your favorites: animals, or foods, or books, or topics that you know a lot about.
- Please write about your family.
- Please write about what you would like to be when you grow up.
- Please write a story that you make up yourself.

Happy Writing!

Students Entering Grade 3
Math

Your math materials will be picked up at school. Here are the pages to complete for the summer from your 2nd Grade Math Extra Practice Packet...

11, 31, 35, 39, 49, 53, 59, 61, 63, 87, 95, 105, 107, 119, 121, 123, 133, 137, 145, 149, 157, 159, 183, 185, 191, 193.

Don't forget to read the cover page that your teachers included. It is copied below for your reference.

* * *

Dear Families,

Thank you for partnering with us as we prepare your child for 3rd grade. Due to our school's transition to remote learning this spring we wanted to provide you with some flexibility for Summer Learning. This is your child's math packet that they can work on during the summer. It covers all 14 Units from our 2nd grade curriculum. Your child is **NOT** required to complete the entire packet but here are a few suggestions for you:

- Work on math concepts for about 15-20 minutes at once
- Complete odd/even numbers on a page (per concept)
- Complete one row or one column on a page (per concept)
- If multiple word problems are on a page, just choose one
- Choose the concepts your child needs the most practice with
- Practice math facts in the various ways provided

Here are the pages that are attached in this packet: 11, 31, 35, 39, 49, 53, 59, 61, 63, 87, 95, 105, 107, 119, 121, 123, 133, 137, 145, 149, 157, 159, 183, 185, 191, 193.

Again, we want this to be an opportunity for your child to simply practice skills taught in 2nd grade while being respectful of your time at home. Please make this packet work for you. We appreciate your help and support. Happy practicing!

Kindly,
2nd Grade Teachers
